In de week van 19 t/m 23 januari werd er vanwege hardnekkige dichte mist niet gevlogen. Verder nog:

13. Zes Lynx AH.1's van de Royal Marines Corps maakten hier een tussenlanding en vertrokken de volgende dag weer naar West Duitsland, de toestellen waren afkomstig van Valkenburg.
15. De Phantoms en de Alpha Jets van de Luftwaffe waren alle diversions vanwege het weer en vertrokken dezelfde dag nog.
16. Een niet alledaagse bezoeker -en zeker niet voor een approach- was een Franse C-160NG Transall die onderweg was van Orleans naar Hohn. Tijdens deze vlucht simuleerde men een "in flight emergency" en deze werd dus op Twenthe uitgevoerd. Na de touch and go vervolgde men de trip naar Hohn.

Na vele practice approaches aan het begin van de maand kreeg de cross-servicing op de 12 twee Duitse Starfighters te verwerken waarvan de 25+18 in een zogenaamde "lizzard" kleurenschema

getooid was. Daarnaast landden er nog twee F-16A's van 322 squadron die vanwege verslechterende weersomstandigheden op Leeuwarden uitweken naar Twenthe en een dag later weer vertrokken.

Verder:

02. Aflevering van de J-363 en J-364 aan 315 squadron.

16. F-4F 37+49 kreeg tijdens het opstarten te kampen met enkele technische problemen en vertrok de volgende dag weer, de Do-28D-2 58+62 was om die reden de beide dagen hier aanwezig.

Verder landden er hier acht NF-5's van 316 squadron die hier tot de 19e met een TOCC-course zouden gaan opereren vanwege een basis oefening op hun thuisbasis Gilze-Rijen, deze delegatie was dus "non exercise".

25. Approach van een Amerikaanse F-15 die vloog onder het callsign "Retro69" dat gebruikt wordt tijdens overflights van ConUS (= Continental United States) naar Europa en omgekeerd. Dit toestel was blijkbaar op aflevering alvorens het op Soesterberg landde... Verder maakte Bö-105C B-68 hier een aantal dagen later per dieplader werd afgevoerd.

## Maart

Na zijn emergency landing op 17 juni 1986 vertrok de K-3061 dan eindelijk op de 18e naar Eindhoven onder het callsign "Mission 2996". Dit callsign wordt in de regel door Twenthe gebruikt voor de nodige checkflights na onderhoud: de OCF (Operational Check Flight) wordt voorafgegaan door een FCF (Functional Check Flight). Dit toestel werd wellicht dan ook door een Twentse vlieger overgevlogen.

Verder:

04. Aflevering van de J-369 aan 315 squadron.
10. Twee Amerikaanse Phantoms van twee verschillende types op bezoek voor de X-serv. De dag erop was dit ook het geval, dit alles vanwege een oefening met 315 squadron. Tevens was er op deze dag een Britse HS.125 aanwezig die een delegatie voor HSA vervoerde.
31. Het hoogtepunt deze maand was het bezoek van twee Franse Alpha Jets van EC.8 met als thuisbasis Cazaux, ongeveer 70 kilometer te zuiden van Bordeaux.

Een rustige maand deze keer, met name voor de X-serv. Toch werd er nog het volgende gezien:

01. Twee Belgische F-16's van Beauvechien op bezoek. Tijdens het opstarten van de FA-52 kreeg dit toestel met een technisch probleem te kampen waardoor het noodgedwongen twee dagen op Twenthe moest blijven. De vlieger ervan werd met de FB-08 opgehaald en na reparaties werd een vlieger op de 3e met de MT 8 ingevlogen.
07. Vanaf deze dag werd de driedaagse oefening "Hell Hound" gehouden. Dit leverde naast enkele base attacks twee F-4F's van onze "noabers" van JBG-36 op.
27. Approach op runway 06 van de 84+05, een CH-53G van HFR-35 met als thuisbasis Mendig die in een spec
29. Aflevering van de J-366 aan 315 squadron.

Deze maand kenmerkte zich in de voorzorgslandingen van de J-253 (6<sup>e</sup>), de XZ987/ O (14<sup>e</sup>) en de XV468/ P (25<sup>e</sup>). De J-253 vertrok dezelfde dag nog, terwijl de beide Britten de dag erop Twenthe verlieten. De meest opvallende bezoeker deze maand was de Canadese CL.601 Challenger op de 12<sup>e</sup> die enkele VIP's naar HSA te Hengelo bracht. Bij de Canadese luchtmacht wordt dit type aangeduid als CC-144.

Deze maand begon met het bezoek van twee Jetstreams van de Royal Navy op de 1e; de T.3 kwam van Berlijn, terwijl de T.2 van Erding afkomstig was. Daarna vertrokken beide toestellen naar hun thuisbasis Culdrose. Verder nog:

01. Aflevering van de J-367 aan 315 squadron. Verder nog twee Fouga Magisters van de Belgen op bezoek.
12. Noodlanding van de J-653 na een birdhit. De schade bleek mee te vallen en het toestel vertrok na een check dezelfde dag nog.
30. Aflevering van de J-135 aan (in eerste instantie) 313 squadron. Dit toestel zou uiteindelijk eerst bij 315 squadron worden ingedeeld. Bovendien was dit de eerste F-16 voor de KLu die was uitgerust met een dragchute-compartiment en die werd tijdens de full-stop op Twenthe dan ook gebruikt. De bemanning van de chute-combi (die de gedropte dragchutes na gebruik oprapen) aan het eind van de baan 24 (op dat moment in gebruik) hadden niet door dat de dragchute van de J-135 F-16 stil na het gebruik van dit remmiddel... Zo moest men dus zo'n 1500 meter rijden om een gedropte F-16 dragchute op te halen aangezien de piloot deze kist al 300 meter na touch-down de runway verliet...!

Deze maand stond in het teken van de open dag die hier op zaterdag 4 juli gehouden werd. De A-10A met als serial 80-0235/ WR kreeg tijdens de landing na zijn performance een klapband en moest dus een tijdje op Twenthe blijven. Een nieuwe wiel werd ingevlogen door een C-23A Sherpa op de 7e. Voor Twenthe betende dit het eerste bezoek van een dergelijk type. Tevens nam dit toestel ook onderdelen mee voor F-15C 79-0052/ BT welke ook al met problemen kampte. Verder had CF-188A 188765 ook al een technisch probleem, maar dit werd door Twentse technici verholpen zodat deze Hornet op de 7e kon vertrekken. Tenslotte landde de Tornado F.3 hier op de 4e, terwijl alle overige genoemde toestellen op die dag na afloop van de festiviteiten alweer vertrokken, de overige volgden op maandag de 6e. Verder nog:

13. Niet alle daags bezoek van een RAF Phantom van 56 sqn., twee dagen later was er hier nog een te zien.
15. Approach van een F-111E van de USAFE, dit toestel was te vroeg om actief te zijn boven de Nordhorn Range en maakte in afwachting van de opening van dit schietterrein enkele GCA-naderingen op Twenthe.
20. Bezoek van de D-ILRA aan Twenthe; drie weken later (op 11 augustus) crashte dit toestel op een McDonal
22. De cross-servicing kreeg weer eens twee F-104G's af te handelen. Deze Luftwaffe Starfighters waren onderweg naar Engeland en de 25e weer via Twenthe naar hun thuisbasis Memmingen terugvlogen.
31. Aflevering van de J-136 aan 315 squadron.

## Augustus

De Buccaneers op de 6e vlogen missies met F-16's van 315 squadron en deden dat op de 7e ook alvorens terug te keren naar hun thuisbasis. Verder waren de twee Fiat G-91Y's van de Italiaanse luchtmacht bijzondere bezoekers in deze rustige maand en dit waren uitwijkers van Volkel.

De meest opvallende verschijningen waren wel de B-52's die zowel op de 15e als de 16e op zo'n 3000 voet over en langs Twenthe vlogen! Deze toestellen waren afkomstig van RAF Fairford waar zeven exemplaren aanwezig waren vanwege de oefeningen "Bay Brewer" en "Central Enterprise" en tijdens laatstgenoemde exercise vlogen dus twee toestellen hun missie over Twenthe. Op Fairford stonden toen de 57-6505, 58-0216, 58-0218 en 59-2588 (van 2<sup>nd</sup> BW), alsmede de 58-0172, 58-0224 en de 59-2596 (van 42<sup>nd</sup> BW), alle B-52G's. Het waren dus enkele van deze toestellen die hier dus te zien waren. Verder:

03. Aflevering van de J-137 aan 315 squadron.
28. Aanvang squadron exchange van 313 squadron met het Britse 12 squadron met vier Buccaneers en een H... squadron.

Op de 2e vierde 315 squadron haar 35e verjaardag en dat leverde de nodige bezoekers op. Verder was de squadron exchange van het Britse 12 squadron met 313 squadron nog steeds gaande en die duurde tot 8 oktober toen de Buccaneers en de Hunter weer naar Schotland terugkeerden. Tevens was het bezoek van vele helikopters van de US.Army opvallend te noemen. Verder:

19. Aanvang squadron exchange van het Britse 56 squadron met 315 squadron. De Britten stuurden in eerste instantie vijf Phantoms, maar tijdens de exchange (die tot 28 oktober duurde) werd er nog wel eens van toestel gewisseld.
26. Approach van een CF-188B die op Leeuwarden was gedetacheerd.
27. Aflevering van de J-139 aan 315 squadron.

## November

Een opvallende bezoeker voor die tijd was de Noorse F-16 op de 3e. De dag ervoor maakten twee Italiaanse RF-104G's hier een approach om daarna door te vliegen naar Volkel waar ze landden. De Jaguar op de 6e werd bemand door een Nederlandse exchange vlieger op Coltishall (naam bij de redactie bekend) die afkomstig was van 313 squadron, de maand ervoor was hij hier ook al enkele keren. Hij bracht dus een weekend door bij zijn familie. Op de 30e werd de vliegbasis verblijd met een TacEval en dat leverde drie Harriers op. Tenslotte werd op de 24e de K-3070 afgeleverd aan 313 squadron.

## December

De bezoekers op de 1e hadden allemaal te maken met de oefening TacEval die op dat moment gehouden werd. Verder:

- 09. Aflevering van de K-3027 aan 313 squadron.
- 24. Aflevering van de J-140 aan 315 squadron.
