Aan het eind van deze maand werd van de 28e t/m 30e de basisoefening "Hellhound" gehouden, dit leverde met name op de 28e de nodige visitors op. Verder nog:

07. Aflevering van de J-019 aan 313 squadron.

10. De Franse staatssecretaris van defensie kwam op bezoek en gebruikte hiervoor een Falcon 20C van hun luchtmacht. Verder werd de basis opgeschrikt door het ongeval van F-16A J-007 van 313 squadron nabij Vlieland waarbij de vlieger helaas om het leven kwam. Het toestel

- steeg samen met drie andere toestellen op vanaf Leeuwarden waar het tijdelijk stond in het kader van het D
15. Voor de begrafenis van de verongelukte vlieger van 313 squadron kwamen verschillende toestellen uit dito landen naar Twenthe, zelfs de beide Do-28D-2's brachten mensen voor deze plechtigheid dat een "Tiger" eerbetoon is geweest.
 20. De beide Belgische Mirage 5BR's maakten een zgn. "recce-pass" over Twenthe om daarna in zuidelijke richting weer te verdwijnen.

Op de 11e verongelukte de J-054 kort na de start vanaf de 24 in de wijk "Hasseler Es" te Hengelo waar het op een plantsoentje aan de Cornelis Doppestraat terecht kwam. Wonder boven wonder raakte niemand gewond en ook de vlieger bailde zich er op het allerlaatste moment uit. De oorzaak was een motorstoring wat de vlieger deed besluiten om zo snel mogelijk naar de 11 te draaien in een poging daar te landen. Het toestel had hiervoor echter te weinig vermogen en kwam door deze manoeuvre boven de eerder genoemde wijk uit waar hij genooddaakt was de J-054 te verlaten.

Door alle commotie die erop volgde werden bezoekers voorlopig slechts één practice approach toegestaan en bij gebruik van de baan 06 werd het circuitvliegen voor onbepaalde tijd opgeschort. Desondanks werd toch nog het volgende gezien:

03. Aflevering van de J-020 aan 313 squadron.
13. Ter voorbereiding van de squadron exchange met 315 squadron waren hier twee Tornado's van 27 squadron (thuisbasis RAF Marham) op bezoek.
19. De beide Franse Marine Super Etendards landden hier voor een bezoek te gaan bij 313 squadron om zich alvast voor te bereiden voor de Tiger Meet die hier eind maart op stapel staat. Ze vertrokken de volgende dag weer.
28. Aflevering van de J-021 aan 315 squadron; dit was de laatste F-16 die aan de KLu werd geleverd.

Op de 6e kwamen drie Canadese F-18's op oriëntatiebezoek voor de komende Tiger Meet. Deze werd van 24 t/m 30 maart gehouden en alle deelnemende toestellen die hier landden zijn gemerkt met een "a" terwijl ze bij vertrek een "d" vermeld hebben staan.

De J-137 op de 18e maakte hier een noodlanding en vertrok na reparaties weer op de 31e.

Op de 31e begon de squadron exchange van 315 squadron met het Britse 27 squadron die vier Tornado's naar Twenthe stuurde; in april zouden er nog meer volgen.

Op de 9e eindigde de squadron exchange van 313 squadron met de Britten van 27 squadron. Uiteindelijk waren hier zes Tornado's van deze eenheid hier aanwezig. Verder:

09. Approach van een Tornado ECR van JBG-32, dit toestel vloog een missie vanaf Jever.
 24. Voor het eerst op Twenthe: een Deense luchtmacht Gulfstream. Wat dit toestel hier deed is onbekend maar heeft vermoedelijk te maken met een delegatie die Thales Hengelo bezocht.

De F-16's op de 18e waren alle diversions van Leeuwarden. De meest opvallende bezoekers waren echter de twee F-15's van 57th FS (thuisbasis Keflavik, IJsland) die hier een approach maakten. Deze beide Eagles waren afkomstig van Soesterberg.

De FA-115 op de 9e maakte een noodlanding. Verder was het de laatste keer dat er hier F-18's van de Canadezen van CFB Bad Söllingen op bezoek waren, niet lang hierna zullen ze terugtrekken uit Duitsland om terug te keren naar eigen bodem. Overigens vertrokken deze toestellen hier weer op de 13e.

De meest opvallende bezoekers voor de cross-servicing waren de twee Italiaanse Starfighters op de 7e, deze maakten een tussenstop om brandstof in te nemen om daarna naar Engeland te vliegen. Daarnaast nog:

07. Noodlanding van de FA-69, de vlieger ervan werd opgehaald door de FB-18. Na reparaties vertrok deze F-16A weer op de 13e nadat een vlieger door een SF-260M (ST-35) werd gebracht.

25. Wederom een noodlanding, nu van een F-15A (77-0132/ CR). Dit toestel vertrok weer op de 28e.

28. Verschillende toestellen kwamen binnen voor een mini open dag op Twenthe die de dag erop werd gehouden en daarnaast ook een demo verzorgden tijdens de airshow op Lelystad airport.

Hoogtepunt was de Tornado van JBG-34 te Memmingen die hier was en op die zaterdag de 29e een demo op Lelystad vloog onder het callsign "GAF01". Naast deze vliegtuigen werden ook nog F-16A J-063 (315) en F-16B J-068 (313) op de bescheiden static display neergezet. Al deze bezoekende toestellen (behalve die van de MLD en de helikopters van de GPLV) vertrokken weer op de 31e

Voor het eerst was op Twenthe een toestel uit het voormalige Warschau Pact te zien in de vorm van een Duitse Mi-8T, de 93+76. Deze helikopter was op de 2e onderweg naar Deelen vanwege het jubileum van 300 squadron aldaar en maakte een fly-by langs de verkeerstoren. Op de 4e was het op de terugweg en maakte een approach op de "06" om vervolgens door te vliegen naar Hopsten. Verder:

03. Een Noorse F-5B op bezoek om te tanken tijdens een tussenstop alhier.

04. Ook de Deense MFI-17 Supporter maakte hier een tussenlanding, dit toestelletje was onderweg naar de Belgische basis Beauvechien.

08. Twee Alpha Jets van JBG-49 op bezoek. Deze beide toestellen maakten een missie in het kader van de NAVO oefening "Mallet Blow" en deden dat de twee dagen erop ook: na de tankstop werd er wederom

16. De US.Army delegatie was hier ter inspectie van de depots bij Vriezenveen.

26. Op deze zaterdag bracht de Lynx een aantal parachutisten naar HSA voor de Mariniersdag aldaar.

Na deze demo vloog het nog even laag over Twenthe dat toch al open was vanwege de terugkeer van negen F-16's uit Goose Bay. Dit waren de J-010, J-013, J-014, J-018, J-508, J-512 en J-513

Hoogtepunt deze maand was de approach van twee Belgische Mirages op de 13e. De Duitse Phantom op de 16e was een diversion van Hopsten vanwege een noodlanding van een andere F-4F aldaar die een tijdje de baan blokkeerde. De beide Harriers waren hier tijdens het avondvliegen voor een practice approach.

Op civiel gebied viel de Hercules van Heavylift op. Dit toestel vloog op de 7e twee maal om enkele paarden te brengen voor de Military in Boekelo. Ook de Fokker 50 op die dag was een bijzondere gast, deze Indonesische kist voerde enkele approaches uit tijdens een testvlucht van Fokker.

Enige opvallende bezoeker deze maand is de Canadese CC-130E Hercules op de 6e die hier een tussenlanding maakte tijdens een vlucht van Rotterdam naar het Duitse Kiel-Holtenau.

De cross-servicing kreeg op de 8e het nodige af te handelen en wel twee Amerikaanse F-111E's, negen F-16's van Leeuwarden en een Bö-105CB. De Aardvarks van de USAFE waren voor Twenthe hoogst ongebruikelijke bezoekers. De 10e bracht vele practice approaches van een aardige variatie aan vliegtuigen en op de 15e landde hier een Harrier T.4A van 1 squadron op RAF Wittering. De Duitse Alpha Jets op de 18e kwamen nog eenmaal langs als afscheid want JBG-43 werd kort hierop ontbonden.
