

Dear fellow aviation enthusiast,

Many of us have entered the digital age for the photography of military aircraft. However, there are still photographers who also photograph military aircraft in the conventional way with (slide) films. Many of those still collect slides. And there are also those who do nothing with their slide collection from the past and have not even looked at it for years.

The Aviation Society Twenthe is organizing its 34th annual fair for military aviation enthusiasts. Our aim is to bring together enthusiasts from many countries to exchange/sell/buy all kinds of military aviation memorabilia such as **slides, negatives, photos, books, magazines, badges, aviation DVDs**, and so on.

In case you have items to offer, you are invited to rent one or more tables at this fair by returning the attached table reservation form. This fair will be the world's largest convention for military aviation enthusiasts this year.

The aviation convention will be open on **Friday 12th of April from 18.00hrs until 23.00 hrs and on Saturday 13th of April between 10.00 hrs and 17.00 hrs.**

For further information please contact: h.sloot56@kpnmail.nl

Some participants already confirmed their presence. They originate from the Netherlands, UK, Germany, France, Italy and the USA. Also on offer will be the (slide) collections of two aviation friends, Frank Matthes (Germany) and Jacques Guillem (France), who have sadly passed away and whose relatives are offering their collections for sale at this fair.

In all a good reason to visit this fair at:

Kulturhus de Bijenkorf, Marktstraat 23, 7622CP, Borne. (close to the city of Hengelo (Ov))

For actual information also see the website of the Aviation Association Twenthe: www.lvtwenthe.nl
We would appreciate if you would send us a message before **March 15, 2024** whether you are going to visit this fair or not and we look forward to meeting you. If you would like to reserve (a) table(s) please don't forget to return the completed reservation form as well.

Kind regards,

L.V.T. fair organization team

Hans Koning and Ferenc Marton
